

WFC meeting notes September 27 2022

Present: Susan, Frank, Ron, Dennis, Terry Heller, Dusty Jones, Callie, Larry

Postponed approval of Sept 13 notes

Repairing the Village Launch Ramps: Dennis can get quotes, \$30k in unspent waterfront budget from last year, will be carried forward in the Waterfront Budget. Chesterfield Associates has generally quoted \$11k per ramp (there are 2). Details to be determined. Dennis will seek other estimates.

Purpose of the Waterfront Working Group: to involve other stake holders in the community, not just those that use the Waterfront therefore generating support for Waterfront projects.

Reviewed briefly a draft info, maybe press release written by Mary Ellen at LCRPC.

We need to include possible participants' availability and come up with an interview process. Susan wants to involve the whole committee for input so it will be continued at the October 11 Meeting.

Talked about a press release announcing the formation of the group and being interviewed on Chamber Chat (LCTV). Larry was agreeable to be interviewed... others?

Adjourn 5 42 pm
